Mission Media Coach

The fact:

We look at our phone on average 5 hours per day. The Church should take advantage of that.

The challenge:

We need to reach people where they are! It is a privilege that we have a space where people are engaging in each and every day!

The fact:

We are on the edge of a digital revolution and the Church should be part of it!

The challenge:

Live faithfully to how God wants us to live, then use Media and Technology to help transform people through the power of the Gospel.

The fact:

New media tools can be distracting, time consuming and destructive.

The challenge:

Don't focus on the tools themselves, rather focus on people. Reach people through the tools available.
