

# ACTS13 GHANA UPDATE

REACHING THE UNREACHED  
(WEC INTERNATIONAL)

Ghana Edition August 2022

## MOBILISING - MENTORING - TRAINING

### Mentoring the next Generation

**'Mentoring in Missions Training'** - A program especially designed to help individuals grow in their understanding of missions, to develop their gifts/talents and to learn about opportunities of service. The goal is to see individuals find their great potential in missions service.

***"I have been enlightened with regards to evangelism and people groups that need the Gospel."* (Herbert)**

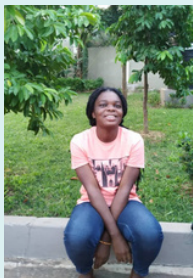

***"God had higher standards for me than what I anticipated."* (MiM Attendee)**

***"It's one of the greatest programs I have been involved in."* (Joana M)**

The ACTS13 team in Ghana dedicated a weekend (22nd-24th July) to fellowship and learning together with a group of individuals, who considered the words of CT Studd (*Founder of WEC International*) - ***"Only one life, 'twill soon be past, Only what's done for Christ will last."***, something that was worth believing.

Participants in this program engaged in thought provoking and relevant topics\*. Each of these learning areas were structured around passionate prayer, worship, fellowship and not to forget; good food!

(\**The History of Missions, The Biblical Basis of Missions, The State of the world and Storytelling.*)

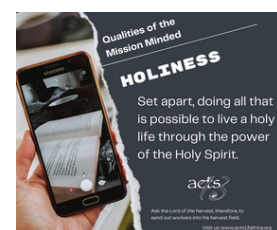

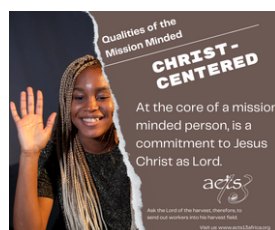

### What did the participants say?

**Alfy:** "I have had a passion for missions but I have never felt prepared to do it. Therefore my time at MiM (*Mentoring in Missions*) exceeded my expectations and helped me. God infused me with a fresh desire, passion and love to help people. God gave me more motivation to give my all. Despite a few days gone since the training, I can still feel God echoing every word in my heart. I give praise to God for fulfilling my desires."

**Joana M:** "This is one of the greatest programs, I have been involved with. I have realised passion only becomes strong when you surround yourself with people with the same objectives and goals. I must confess during and after the MiM there is this eagerness to do more for Christ. It's my prayer that the fire keeps burning within me, while I work towards what I have learnt in Mentoring in Missions."

## More from the hearts of the MiM participants:

**Hebert:** "A passion for souls has been rekindled. I received wholesome teaching spending time in fellowship with God and the brethren. I have been enlightened with regards to evangelism and different people groups. I now have new ideas and ways to approach people with the Gospel message. Therefore, I am grateful to be part of this experience."

**Anonymous:** The people running MiM program treated me like family and made me very comfortable. I learnt a lot lessons for both my spiritual and physical life, such as the sacrifices made by C.T. Studd, which helped me reflect on what I can do. I learnt the foundations and purposes of missions and how I can also contribute into it. I learnt how to share the word of God, differently through storytelling and was able to participate in this very effective method with others including my friends at home and school.

### PLEASE PRAY FOR ACTS13 Ghana:

- Pray for the bi-weekly ACTS13 prayer meeting on campus, at the Accra University. Pray for the committed ACTS13 volunteers. They are connecting with students, inviting them to the pray and opening up the world of missions to them.
- Pray that the Lord would raise up another couple to work together with the Ghana ACTS13 team.
- Pray for all those who have attended the MiM program, that the Lord continues to stir their hearts and that they would have boldness and courage to take steps towards mission service.
